MUNICIPAL BY-LAWS.

CORPORATION OF DELTA.

BY-LAW No.

A By-law to provide for the Taking-over of the Private Dykes on Tilbury Island and forming same into a Dyking and Drainage Area, and for borrowing on the Credit of the Municipality the Sum of \$1,134.13 for the Repair of the said Existing Dyke.

Provisionally adopted the 7th day of July, 1934.

WHEREAS a majority in number and value of the owners as shown by the last revised assessment roll have petitioned the Council of the Corporation of Delta, praying that the Council do take such steps and proceedings as are necessary for the construction of dykes and drainage-works and for the carrying-out of such protective measures as may be deemed necessary for the land situate within that portion of the Municipality of Delta hereinafter described; that is to say: Commencing at a point on Lot 149, Group 2, where the dam across Tilbury Slough intersects the River Road; thence northerly along the westerly side of the said dam to Tilbury Island; thence south-westerly following the shore of Tilbury Slough; thence following the shore around the westerly end of Tilbury Island to the Fraser River; thence following the shore of the Fraser River to the easterly end of Tilbury Island; thence following the shore around the easterly end of Tilbury Island to Tilbury Slough; thence along the shore of Tilbury Slough to the dam across Tilbury Slough; thence along said dam to its intersection with the River Road; thence along the northerly boundary of the River Road to the point of commencement, as shown outlined in red on the plans hereto attached:

And whereas the said petitioners have requested that the cost of the said work be levied against their respective lands and collected in the same manner as other taxes or may be commuted on completion of the work:

And whereas thereupon the said Council procured an examination to be made by C. E. Cooper, being a person competent for such purpose, of the said locality proposed to be adapted for such dyking and drainage works, and has also procured plans and estimates of the work to be made by the said C. E. Cooper and an assessment to be made by him of the lands and roads to be benefited by such dyking and drainage works, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such dyking and drainage works by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed or levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said C. E. Cooper in respect thereof and of the said dyking and drainage works being as follows:—

LADNER, B.C.,
June 30th, 1934.

*The Reeve and Members of the Council,
Municipality of Delta,
Ladner, B.C.*

GENTLEMEN,—In compliance with your instructions, I have made an examination of the dyke on Tilbury Island and herewith submit my report as follows:—

At numerous places, principally on the westerly portion of the island, the dyke has been damaged by erosion.

At several of the places the damage done is not very serious, but at others the dyke has been eroded to an extent that it is unsafe.

To repair the damages will require new material to restore the dyke to its normal section and sufficient one-man rock for protection.

Additional rock is also required at various places to prevent further erosion. Earth for the repairs can be obtained on the shore and the rock can be unloaded off scows at the site.

I recommend that the repairs be carried out as above outlined and that the costs of the work be distributed over a period of five years.

The estimated cost of the work is \$1,145, made up as follows:—

Earth	\$140.00
O.M. rock in place, 267 tons at \$2.05	547.15
Cutting brush, etc.	25.00
	<hr/>
	\$712.15
Contingencies	57.85
	<hr/>
	\$770.00
Cost of by-law and legal expenses	35.00
Publication	300.00
Engineering	40.00
	<hr/>
	\$1,145.00

I remain,
Yours obediently,

C. E. COOPER,
Municipal Engineer.

And whereas the Council is of opinion that the dyking and drainage works in said report are desirable:

Be it therefore enacted by the said Municipal Council of the Corporation of Delta, pursuant to the provisions of the "Municipal Act":—

1. That the said report, plans, and estimates be adopted and the said dyking and drainage works

and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said Corporation of Delta may borrow on the credit of the Corporation of Delta the sum of one thousand one hundred and thirty-four dollars and thirteen cents (\$1,134.13), being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars (\$100) each, and payable within five years from the date thereof, with interest at the rate of five and one-half per cent. (5½%) per annum; that is to say, in five equal annual instalments, together with interest thereon payable half-yearly on the first day of October and March in each and every year until the maturity of said debentures; such debentures to be payable at the Royal Bank of Canada at Ladner, in the Province of British Columbia, and to have attached to them coupons for the payment of interest.

3. That for the purpose of paying the sum of one thousand one hundred and thirty-four dollars and thirteen cents (\$1,134.13), being the amount charged against the said lands to be benefited as aforesaid, other than lands belonging to the municipality, and to recover interest thereon for five years at the rate of five and one-half per cent. (5½%) per annum, an equal rate per acre shall be levied on the undermentioned lots and parts of lots: Provided that any person whose land has been assessed for the carrying-out of works authorized by this by-law may pay the amount of such assessment less the interest at any time before the debentures of the municipality for the purpose of borrowing said money to carry out said work are issued, in which case the number of said debentures issued shall be proportionately reduced.
